

SPECIALTY WARRANTIES

HOME offers a few “specialty” programs for Builders involved in other types of construction. Builders often incorporate “specialty” types of construction in order create new revenue streams, and to keep employees busy while waiting out the periodic down turns. HOME offers warranties for Builders working on remodeling projects or even building detached garages.

Set yourself apart from the competition in bid situations by including a warranty designed specifically for your type of project.

Remodeler Warranty

Your customer's sense of security is critical. Homeowners want to be sure the work being done to their home is by a quality contractor. The HOME Remodeler's Warranty sets you apart from your competition and provides the much needed security customers crave. HOME offers two warranty options to better fit the nature and scope of each project.

- For residential homes being remodeled.
- Option A: 3 Years of Coverage on Workmanship & Materials.
- Option B: 1 Year of Coverage on Workmanship & Materials & 5 Years of Coverage on Designated Structural Elements.

5 Year Detached Garage Warranty

Builders often incorporate "specialty" types of construction in order to create new revenue streams, keep employees busy and "wait out" any periodic down turn. For those unique times, HOME offers warranties for Builders constructing detached garages.

- 5 Years of Coverage on Designated Structural Elements.
- Includes specific and measurable standards to evaluate structural defects.
